Take your child's education "Outside the Box" with Hewitt . . .

Personalize Your Home Education

Just because your child is eight, it doesn't mean he or she will fit into a third-grade box. Consider **your student's skills**, not chronological age. Challenge his/her mind, but enable your child to succeed. What are your student's interests? A packaged "grade-three" curriculum doesn't take any of these into consideration.

Encourage Home School, Not School at Home

Firsthand experiences will excite your student's desire for learning. **Great literature** will help mature reasoning and understanding. Many parents switch to Hewitt because they have been burned out by an overly-structured academic curriculum. If you and your children are not enjoying your homeschooling, you need to make some changes.

Balance Character, Academics, Work, and Service

Academics are only one important aspect of your children's education. Strong moral character, self-discipline, and good manners will produce a person others enjoy being with. A strong work ethic and a servant's heart help provide balance.

Develop a Mind for a Lifetime of Use

Students achieve excellence through a combination of enthusiasm, hard work, and the use of superior resources. You can create enthusiastic students by praising specific skills and encouraging them to do their best even at a young age. Hewitt offers a balanced, flexible, and complete approach to homeschooling. A lifelong, whole-hearted learner will be your result.

Hewitt's Junior High School Program

If . . .

- ◆ you can grade daily work, grammar, and math just fine, but find it difficult to grade compositions . . .
- ◆ you think your child would respond better to an external evaluator . . .
- ◆ you want to make sure that your child is prepared for high school level work . . .

. . . Try Hewitt's Junior High Program

Hewitt's Junior High Program is the half-way step from a freer elementary approach to our more structured senior high program. While you are still strengthening language and math skills, your students should be learning to take more responsibility for their work.

Hewitt's Junior High Handbook guides you through deciding which books to use and explains what to do each quarter. If you still are uncertain as to which books are best, call or email your counselor.

PASS Tests taken near the beginning of your school year identify goals and teaching suggestions for weak areas while tests taken at the end of the year show academic progress.

Phone and email counseling give you the opportunity to contact a Hewitt counselor who can answer your teaching questions or help guide you to the answers.

Four times during your schooling year, you will send us samples of your student's work as explained in your handbook and/or syllabi. Based on these samples and the PASS test results, one of our counselors will prepare written evaluations of your student's work, including teaching suggestions and letter grades or credit for each subject. If your student has mastered that grade's skills, a Certificate of Completion will be issued.

SINGLE-COURSE OPTION

Your student may enroll in any junior high course.

SINGLE-COURSE OPTION WITH HIGH-SCHOOL CREDIT

Perhaps your student is ready for high-school level science, math, or English, but not other classes. Or, maybe you are certain your student will be enrolling in our high-school program and would like to get some of the easier classes like health or state history out of the way. You can enroll in any class(es) of your choice in our Single-Course program; your student will receive high school credit if the course is at a high school level (Math: Algebra 1 or higher; Science: Biology or higher). Students must follow the appropriate high school syllabi. At the end of the student's first high-school year with us, these credits will be put on his or her transcript.

Lightning Lit by email . . . add \$50 per student per year

Teachers will correct the papers within two weeks of receipt and return them via email. Grades will still be assigned at the end of the quarter. This is available only for students using Lightning Literature. Available for single-course options, credits in escrow, junior-high or senior-high full programs. Total cost per year less books \$250.

Junior High Tracks

Grade 7

Seventh grade is a transitional year. Our curriculum assumes that the student has mastered basic writing and math skills through the 6th-grade level. Students should begin to take more responsibility for their own education. Hewitt's program encourages students' initiative and diligence in completing their assignments.

Grade 8

Eighth grade will demand more of junior high students. They should assume more responsibility for completing their work on schedule. The more polished their writing becomes, the easier the transition to high school will be. If they master basic grammar now, they can turn their attention to more advanced writing concepts in high school.

I like the idea of the student using the workbook before they start the writing assignments. The worksheets utilize a variety of activities to reinforce the chapter's lessons. [My kids] both loved that the course could be so student directed as they are independent learners; I loved that I could pretty much choose my level of involvement as a teacher, and that it was very easy to figure out what the kids were learning and check on their progress. . . . My overall opinion of Hewitt's Lit and Comp course? I LOVE it! I will be looking into getting the other upper grade curriculum for my other kiddos!

English

Students enrolled in Hewitt's Junior High English need to purchase:

- ❶ **7th Grade Lightning Lit** (including the Student Guide, Workbook, and Teacher's Guide, plus have access to all the required books for reading. You will need to use the *Stories and Poems* book throughout the year (plus later with the 8th Grade Lightning Lit program).
- ❷ Any vocabulary program you select
- ❸ Any grammar program you like
- ❹ *Writing a Research Paper*

Writing a Research Paper

What most parents are looking for in a guide. This booklet guides students through a 12-step writing process. Step 1 is selecting and limiting your topic, step 2 initial library research, all the way through step 12, the final draft. 60 pages. (Grades 7–12) #2898 ... \$6.00

Poetry All Around Me

This book is an excellent supplement to a total language and reading program. Whether or not your student already likes poetry, this book makes it fun: exploring poetry with the senses,

finding out about onomatopoeia, alliteration, and hyperbole—all those unpoetical-sounding words! Poetic forms like haiku, tercet, cinquain, limerick, and quatrain are examined. Work pages may be copied for personal use. Whether or not your student becomes a poet, his or her own creative writing will take on more color and life. (Grades 7–8). #2851 ... \$12.95

Math, Science, & Health

Total Health

Talking About Life's Changes

by Susan Boe. Part of the *Total Health* series, this book focuses on the early teen years. Scriptures and personal testimonies help teens understand the value of opening up to their parent(s) and to God. Hardback, 325+ pages. Students enrolled in **Hewitt's Junior High Health Course** need *Total Health*, *Human Anatomy Coloring Book*, and the Syllabus which provides tests and answers for each chapter, plus a daily schedule. (Grades 7–8) †

Junior High I Dare You!

I Dare You!

For the daring few who welcome a challenge. Emphasizing a balanced lifestyle of mental, social, physical, and religious excellence, this little book is about big things. Hardback, 134 pgs. (Gr 7+)

How to Be Your Own Selfish Pig

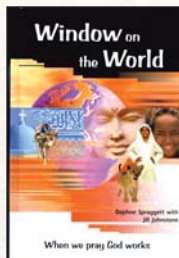

AND OTHER WAYS YOU'VE BEEN BRAINWASHED

by Francis Schaeffer's daughter where she expresses her father's views in an easier format with lots of stories showing how life's choices are important. 123 pages. (Gr 7+) †

Window on the World

This book brings alive the culture, history, and traditions of different people groups. Beautiful color photographs show how children live, what they like to do, what they eat and wear. Paperback, index, world religions' descriptions, 220 pages. (Grades 4-8) †

Junior High I Dare You! Syllabus

The goal of this course is three-fold: (1) to look at what you believe about God, yourself, and the world, i.e., your worldview, using Susan Schaeffer

Macaulay's How to Be Your Own Selfish Pig; (2) to challenge yourself to be "your own self, at

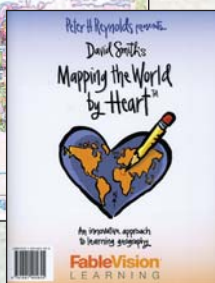

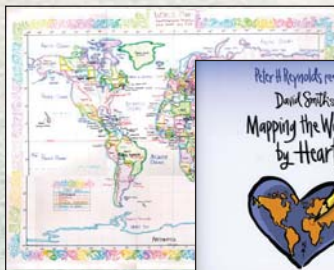

your best, all the time" using William Danforth's I Dare You; and (3) to think about those around you—at home, in your community, and abroad using Window on the World. Middle school students are ready for a dare. They will also read and respond to the New Testament (except for the Gospels [which are covered in The Life of Christ course] and Revelation). Junior high is a transitional period between childhood and adulthood. Take the challenge and lay a foundation that your student can build on for the rest of his/her life. 146 Pages (Grade 7-8) †

- #3373 How to Be Your Own Selfish Pig \$10.99
- #3477 I Dare You \$7.99
- #3211 Windows on the World \$25.00
- #3374 Junior High I Dare You! Syllabus \$9.00
- #8109 Set of All the Above (Save 25%) \$38.99

From the parental perspective, the curriculum is so well laid out that I don't need to do any advance preparation, but it is so in depth and the literature choices are so excellent that the kids are getting a very rich ELA experience. My oldest, who wants to be a writer, loves the essay prompts at the end of each lesson and is learning so much from the great historical writers he gets to read in the curriculum. The lessons really "speak" to high school students on an adult level that respects them as the developing scholars they are. The literature selections are creative and diverse at both the elementary, junior high and high school levels. Like all homeschoolers, I am a curriculum connoisseur, and there is no ELA curriculum I have seen that is as good as Lightning Literature. We all look forward to enjoying many more Lightning Literature courses! Sunita Halasz

Geography

Mapping the World by Heart

Students will be amazed at how well they can draw a world map from

memory at the end of the program. Though written for the classroom, this approach is very flexible and easily adapted to home use; the student can study

only sections of the world or tackle it all at once. Provides a downloadable video to watch. **Requires a current atlas.** Current almanac and other resources (library, Internet, etc.) are also useful. (Grades 5-12)

- #2710 Mapping the World by Heart \$69.99
- #3372 Additional Maps Set of 10 \$15.99
- #2801 World Geography Syllabus: 2nd Ed

Western Expansion

This study is designed to cover the U.S. historical period known as the Western Expansion during the late 18th century through mid-19th century. Intended for 4th to 7th graders, it comprises a sequel to the Early American History studies, neither of which are a prerequisite. With lesson plans, comprehension questions, and historical helps, this study takes the student from the Appalachians to the Far West. **This study can be completed in a semester doing three lessons per week.** (Grades 4–8)

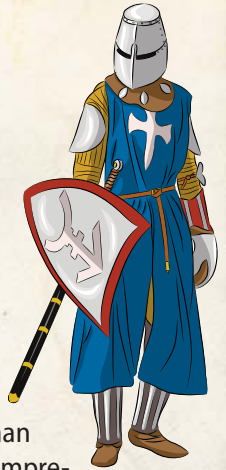

Ancient History Intermediate

The study guide of 98 lessons can be covered in a school year. Students have always found the study of the beginnings of civilization through the fall of Rome intriguing. Tests, answers.

Medieval History Advanced Intermediate and Junior High

Begins with the story of King Arthur followed by the Magna Charta in 1215, progresses through the Reformation and Renaissance, and concludes with Elizabethan England in the early 1600s. Vocabulary, comprehension questions, geography, and character studies included.

Modern American & World History

Explore one of the most dynamic periods of history in our Modern American and World course that covers the American Civil War up to modern day! Read engaging literature to learn about the events that led to the Civil War, Reconstruction, the turn of the century, both World Wars, Civil Rights, Korean War, Vietnam War, and contemporary America. Study notes provided will cover historical figures like the Wright brothers, Teddy Roosevelt, Gladys Aylward, George Washington Carver, Frederick Douglass, Sergeant York, Jackie Robinson and many others. This study contains 116 lessons.

PASS Test Ordering Information

Please fill out ordering information on the other side and student information above. You do not have to be registered with Hewitt to order PASS tests.

ALL testing orders, including group testing, require:

- ⇒ Child's Name ⇒ Parent's/guardian's name and address (if different from person ordering, note it under "Comments" on form)
- ⇒ Child's Grade ⇒ Date test is to be shipped from Hewitt

For group orders (2 or more families; **SEE PAGE 8 FOR MORE ABOUT GROUPS**), write the student/grade/parent information on a separate piece of paper, grouped by families. This can also be faxed or emailed to us.

PASS Testing for Grades 3–8

Designed for the Home Schooler

- ① The PASS was designed for parents to administer at home, greatly reducing the stress level of testing.
- ② The PASS is untimed, which helps students to relax.
- ③ Students can test within the range of their abilities in each subject. On most achievement tests, where the difficulty of the items varies greatly, students are frequently presented with items that are either too easy or too hard, creating problems in assessing academic achievement.
- ④ Testing results show overall achievement as well as performance in reading, math, and language. Home-schooling parents will appreciate the suggestions given for reaching the goals in each of these areas.
- ⑤ The test is standardized and children's scores are compared with both national and home-schooling populations, meaning the scores are equated to those of public-school students taking one of the nationally-normed tests.

WHAT IS IT?

The PASS Test was developed specifically for home schoolers. Like other achievement tests, the PASS estimates student achievement in reading, math, and language. New York, North Carolina, Georgia, Washington, and Alaska have approved the PASS for purposes of state reporting. In other states requiring testing, check with your local school district.

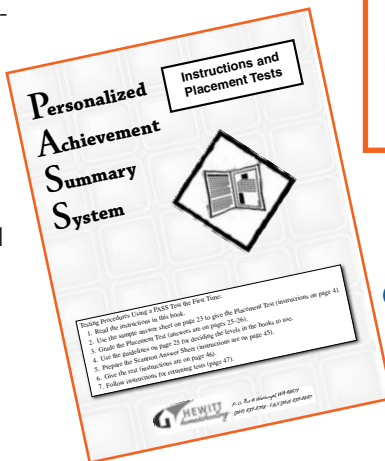

year, but must be at least six months apart. You have four weeks after receiving the testing materials in which to administer the test. Once testing materials are returned to Hewitt, expect to receive the detailed analysis within three to four weeks.

INTERNATIONAL

Cost Upon Request. Please email or fax for a quote.

RETURNING TESTING MATERIALS

Return **ONLY** the answer sheet/s and the signed Disposal Form, which we must have before we will score the test.

What You Get

BOOKS: For students who have never used the PASS or did not test within the last year, we send four books: Reading, Language, Math, and Instructions & Placement Tests, along with the answer sheet and disposal form. To give families with more than one student a price break, we send only one set of books. Students can trade books in order to test at the same time.

SPECIFIC LEVELS: If your student tested within the last year, we can send the levels you need in each subject along with the answer sheet, disposal form, and instructions. [\(NOT AVAILABLE FOR GROUP TESTING\)](#)

Price per Test Includes Shipping to U.S.

1	\$38.00 each
2-9	\$35.00 each
10-19	\$30.00 each
20+	\$26.00 each

GROUP TEST COORDINATORS

For groups of 20+, we give one test free to the coordinator in appreciation for the work involved in overseeing the order.

ORDER THE GRADE YOU WANT YOUR CHILD TO BE COMPARED WITH!

GROUP TESTING

Two or more families make a group:

- ① Group tests are always shipped with books (not levels).
- ② We have to have the parents' names and address for each child.
- ③ The order must be sent to one address, paid for with one check or credit card, and tests returned to us together.
- ④ We have to have a physical street address for shipping.
- ⑤ Any test returned separate from the group must include a \$10.00 fee.
- ⑥ Test results are sent to the group leader.
- ⑦ Large group tests take longer to process, so please order early.
